Prince's daughters. The wedding was made a quiet one, owing to the recent death of Mr. Ray's mother, and in consequence there were a few relatives and very intimate friends present to witness the ceremony, which was performed by Rev. G. W. Grimes, pastor of the Thomson M. E. Church. Mr. Ray and his bride left over the Pan-Handle at 9:45 colock for a short bridal trip, followed by good wishes by a large number of admiring friends.

Above hall was andible first the sound of a collision with the wall; then another, and a terrific fall. A lantern was brought and Miss Gorden was found bruised and adazed, but not badly hurt. Miss Harlvey had collided with the raised platform next the track and been thrown equite a distance. She was unconclous. She was unconclous. The was carried into the retiring room, and Dr. Taylor, who chanced to pass in his buggy, was called in. He had her revived soon, but she was pretty badly bruised on the breat and arm.

The accident caused a delay of probably an hour. "Lanterns were hung at the turns so that if the lights again went out the riders could distinguish the track. The lights were turned on in about half an hour, and the track again covered with resin, having been made slippery by the feet of the audience rushing over it in the darkness. The Hamilton Club Next.

The Hamilton club will arrive here this morning and play its first series of three games with the Wheeling team at Island park this, to-morrow and Saturday afternoons. The Hamilton management claims to have some of the heaviest hitters in the League on its roster and among the members are "Reddy" Williams and Joe White, of Bellaire, two players well known hereabouts. The games with Hamilton will be the last that will be played here till the Wheeling team returns from its first trip, which commences next Monday. The Wheeling team returns from its first trip, which commences next Monday. The Wheeling team will play at Dayton May 6.7 and 8; at Springfield 9, 10 and 11; at Hamilton 13, 14 and 15, and then return here and play with Dayton 16, 17 and 18. The lovers of the game should bear this arrangement in mind, and turn out strong for the Hamilton games so as to get enough ball to last them for ten days.

One of the League's rules this season is that in case of rain interfering with any except a holiday game, before five innings are played, the spectators shall be given rain checks, good for any other game, except when only the last half of the fifth remains to be played and the team at bat is already in the lead, when it shall be considered that they have won the game and no checks will be given. THE APPROPRIATION ORDINANCE.

The Council Committee on Finance has at last, to use the vernacular of the day, gotten a move on itself in the matter of preparing the annual appropria tion ordinance. It met last evening in the office of City Clerk Thoner and put n about three hours time. Some of th in amout three hours time. Some of the members talked a good deal and did very little work, while others worked hard, doing their level best to get things in proper shape, and had very little to say. After several blank pads and aheets of foolscap had been covered over with figures it was ascertained that the total estimated revenue of the year ending December 31, 1889, would be \$357,887.06, as follows:

as Works, including balance of \$11,

The Gas Trustees and the Water Board eported in their estimates of the expend tures necessary to run their departments luring the year, that including the paynents those departments have to make in the bonded indebtedness of the city. on the bonded indebtedness of the city, the total estimated income of those depart ments would be required, and the same was allowed by the committee at its meeting last evening without any question whatever. There was also deducted from the estimated revenues the sum of \$15,853 60, being the cost of the Market street brick paving contracted for last year. Then there had to be deducted the revenues from Markets, Scales, Wharves and the fines and fees of the Police Court, which form the contingent fund of the Board of Public Works.

These several items foot up as follows: These several items foot up as follows:

The Finance Committee met and examined the dockets of the justices who were not present at the former meeting for this purpose. Squire Davis was present, and explained that as to one of the six fines recorded as paid on his docket, but not appearing on his annual report, there was a mistake, the record having been crossed out as a mistake on the docket. The committee accepted his explanation.

Oil and Gas Notes.

Oil men are located over the river looking for land with a view to leasing land back of Martin's Ferry and between there and Mount Pleasant. They leased yesterday 400 acres located about two miles west of Bridgeport.

In the Hardin's run field, Hancock county, the Ewing well is due Saturday. Fisher No. 3, on Gardner, is due to-day. Operators say the Linduif farm is good territory. Oil has been obtained on all sides of it. McKeown No. 3, on Paul Jones, got the sand Tuesday evening, and is dry. There are eight wells on Levi Gardner's place, and the lumber on the ground for two or three more.

The New Cumberland Independent of yesterday says: Between twenty and twenty-five cars of lumber and oil well supplies were on the track at this place on Thursday waiting to be unloaded. The Herron well on E. B. Langfitt came in Monday morning filled up with 500 feet of oil. It will be shot to-day, and will prohably be good for twenty-five barrels.

Marshal John W. Stuff has in his possession a weapon that for peculiarity and dangerous appearance cannot well be excelled. It was until recently the property of a foreigner living at Flushing, and is supposed to be of Italian make. It is a large fierce-looking self-acting revolver, and hinged to the underside of the barrel with point toward the handle is a sharp steel dirk knife about four inches in length. By touching a spring at the side of the barrel the dirk swings round until it points straight out from the barrel, when it is caught and held firmly in position by another heavy spring, thus combining a dirk knife and revolver in one.
